

STARTS WEDNESDAY, SEPT. 9

# HEY PARENTS!

*It's been a crazy year so far, right?*

I mean almost every aspect of our daily lives has changed in some way. Masks are now normal, getting food to-go is the new normal way to eat, and the number of people we see and hang out with has changed (I miss going to football games). For our student ministry, a lot has changed. However, the one thing that never changes is that CCHYTH is about connecting students with JESUS and with EACH OTHER.

We believe the best way to do that is in small groups! CCHYTH will also always prioritize the safety of our students. With those two core values in mind, we have decided to pursue a new Wednesday experience for this (Covid) season. We are calling this idea "CCHYTH Small Group BOX". Instead of having all of our middle and high school students gathered together, we are going to have a home-group style experience on Wednesday nights.

## What will this look like for your student?

Students will gather at their small group leader's house or another approved location instead of meeting together at church.

There, students will play games, have introductory questions, watch a short (10-15 minute) message, have small group questions, and hang out with each other, all in a safe environment.

As students grow older, more and more they long for meaningful relationships based on honesty and authenticity, which is why small groups are so important in our student ministry.

We believe this is the best and safest way for our students to walk in their faith together!
